

# El Cajon Boulevard Streetscape Street Improvement Project

In early 2023, the City of El Cajon begins construction of the El Cajon Boulevard Streetscape project. Improvements include removing the traffic signal at El Cajon Boulevard and Johnson Avenue and installing a single-lane traffic roundabout. New decorative concrete sidewalks, decorative lighting, crosswalks, trees, landscaping, and site furniture will be installed along El Cajon Boulevard from Lexington Avenue to Lemon Avenue.

Construction should last 8 to 12 months. Please anticipate road closures and detours during this time.

For more information, visit [elcajon.gov/roundabout](http://elcajon.gov/roundabout) or email [roundabout@elcajon.gov](mailto:roundabout@elcajon.gov).
